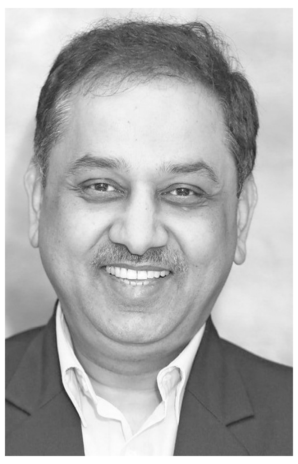
Ashok Leyland declares 100% interim divident



Chennai, Nov 15: Ashok Leyland, the flagship company of the Hinduja Group, announced robust financial results for the second quarter, posting a profit before exceptional items and tax of ₹1,083 crore, a 23% increase over the same period last year (₹878 crore). The company's EBITDA for the quarter improved to 12.1% (₹1,162 crore) compared to 11.6% (₹1,017 crore) in Q2 FY25.

Both the Medium & Heavy Commercial Vehicle (MHCV) and Light Commercial Vehicle (LCV) segments recorded positive industry growth during the quarter. Ashok Leyland's volumes reflected this momentum, with MHCV sales rising 3% to 26,307 units, and LCV sales increasing 6% to 17,697 units year-on-year. The bus segment, in particular, continued its strong run, marking its 18th consecutive quarter of growth. The company retained over 30% domestic market share in MHCVs and maintained leadership in the bus segment, while also improving its LCV market share in key segments.

Exports recorded a significant boost, with volumes rising 45% year-on-year to 4,784 units. The Defence, Power Solutions and Aftermarket businesses continued strong performance, with expectations of solid growth through the fiscal. The company also expanded its product portfolio in Q2 with new launches across tippers, buses, haulage vehicles and LCVs. Network expansion remains ahead of schedule.

Reflecting improved financial performance and a strong outlook, the Board recommended a 100% interim dividend of ₹1 per share (face value ₹1).

Chairman Dheeraj Hinduja said the company's profitability and growth reflect strong customer confidence and competitive product offerings. He noted that international business expansion continues across the Middle East, Africa and SAARC, and highlighted Switch Mobility's growing order book of nearly 1,500 vehicles.

Managing Director & CEO Shenu Agarwal affirmed steady demand across truck and bus segments, with expectations of stronger growth in the second half. He noted that Ashok Leyland has delivered its 11th consecutive quarter of double-digit EBITDA, driven by product premiumization, cost efficiency, digital enablement and network strength. The company remains cash positive and is on track toward its medium-term mid-teen EBITDA target.
